

TECHNICAL SPECIFICATIONS

1.0 INTENT

The intent and purpose of this specification is to adequately describe the requirements for Supplying and Delivering Gasoline and Diesel Fuel for the County of Cumberland and participating members of the Cumberland County Cooperative Pricing System Number 64-CCCPS and to list all requirements necessary for entering into a contract(s), and for being declared winning bidder(s), for providing the services described herein or as mutually agreed upon.

2.0 SCOPE

The County of Cumberland, acting as Lead Agency on behalf of itself and the Participating Members of the Cumberland County Cooperative Pricing System, Identifier Number 64-CCCPS, is interested in entering into a contract(s) with a qualified vendor(s) who is able to Supply and Deliver Gasoline and Diesel Fuel for the County of Cumberland and is additionally interested in declaring the winning bidder(s) for the Participating Members of the Cumberland County Cooperative Pricing System who have submitted estimates of motor fuel consumption, as listed and described herein.

This shall be a supply contract with the County and the participating cooperative members purchasing fuel on an as needed basis.

Bidders shall indicate on the Bid Document if they would be willing to allow additional Cooperative members, who are not listed herein, to participate in this contract (at the prices submitted herein for Participating Cooperative Members) at a later date.

Estimates of fuel consumption contained in this Bid Document are provided as informational only and the County and the participating cooperative members shall not be obligated to purchase any minimum or maximum amount of fuel as herein described.

3.0 TERMS OF THE AGREEMENT

The contract shall be for a two (2) year period commencing December 1, 2010, terminating November 30, 2012. Vendor's per gallon charge for delivery bid price for the County of Cumberland and for the participating cooperative members appearing on the Official Bid Document shall be fixed for the two (2) year contract period. All parties may cancel the second year of this agreement by providing written notification of such intention, return receipt, to the appropriate party or parties, not less than sixty (60) calendar days before the end of the first year of this agreement.

Additionally, the County and/or participating cooperative members may, at any time, cancel, without recourse, any contract awarded as a result of this Request for Bid by providing ten (10) calendar days written notification, return receipt, to the contractor, if services provided under this contract are not complete and satisfactorily performed. For

County of Cumberland purposes, the Cumberland County Road Supervisor and the Cumberland County Purchasing Agent shall be the sole judges as to what constitutes complete and/or satisfactory/unsatisfactory performance.

The County and/or participating Cooperative members shall give the contractor one (1) written notice for failure to deliver as required or any other failure to comply with these specifications. Thereafter, the County and/or the participating Cooperative member shall have the right to cancel this contract on ten (10) calendar days written notice for failure to deliver as required or other noncompliance to these specifications.

4.0 DESCRIPTION OF SERVICES

The successful bidder(s) shall provide Eighty-Seven (87) Octane Unleaded Gasoline, Ninety-Three (93) Octane Unleaded Gasoline, On-Road Diesel Fuel and Off-Road Diesel Fuel at the lowest price per gallon as posted at the Newark, New Jersey, Harbor District Reseller Rack Price which prevails for consumers use according to the "Journal of Commerce" on the date of the fuel delivery, plus or minus a constant per gallon delivery charge.

Bidders shall own and operate a permanently established bulk storage plant with stationary tankage.

Bidders who do not have a bulk storage plant with stationary tankage must submit with their bid, a signed letter from their source of supply stating that he/she is committed for a certain number of gallons and that the source of supply will, in turn, guarantee to supply the said bidder.

Bidders bulk storage plant shall be located within a reasonable distance from the plant or point to which deliveries are to be made. The decision of the County Purchasing Agent shall be final as to whether the storage plant is sufficiently close to protect the interest of the County and the participating Cooperative members.

Bidders source of supply shall be directly with a reputable gasoline refiner. This information is to be listed in the space provide on the proposal forms.

4.0.1 DELIVERIES

All deliveries, except as noted or as otherwise arranged, are to be made within twenty-four (24) hours after receipt of authorized verbal requests. All deliveries are to be made between the hours of 8:30 A.M. and 3:30 P.M. on business weekdays, except as otherwise arranged by supplier and purchaser.

All locations with a 2,000 gallon or smaller tank, except as noted or as otherwise arranged, shall be set up as an automatic delivery. It shall be the contractor's responsibility to establish an automatic delivery schedule so that these tanks are filled without prior request from the County or participating Cooperative members.

One (1) copy of the delivery certificate shall be signed by the custodian at the place of delivery, as a receipt of delivery, and shall be forwarded by the contractor to the said billing agency, together with a bill. The second copy shall be left with the custodian who signed for the delivery.

The contractor shall be required, if permitted by law, to submit with their invoice, a copy of the Journal of Commerce Gasoline/Diesel Fuel Posting for the day/week that delivery is made. Payment will not be made without the proper posting.

Cooperative members will make payments according to their payment policies. The contractor shall obtain the proper billing address from each participating Cooperative member.

Gasoline and/or diesel fuel shall be delivered in metered trucks in accordance with NJ State Law, N.J.S.A. 51:9-5. Diesel fuel delivery trucks shall be equipped with necessary heating and plumbing equipment for proper handling of the type of diesel fuel to be delivered.

4.0.2 PENALTY

In the event that delivery is not made as specified, the County and/or the participating Cooperative member reserves the right to obtain the contract item on the open market from any available source. In such event, the amount involved will be charged to the defaulting supplier.

4.0.3 EQUIPMENT INSPECTION

The County and/or the participating Cooperative member reserves the right to have all measuring devices rechecked at any time during the length of the contract. Spot checks at delivery points may also be made. If rechecks disclose any discrepancy in the number of gallons delivered, use of such equipment will not be permitted until certification is received from the Cumberland County Weights and Measures Department that the measuring devices are accurate.

4.0.4. DAMAGE OF PROPERTY

If any property owned or occupied by the County and/or any participating Cooperative member is damaged by the equipment or employees of the contractor, the contractor shall be liable for the cost of repairs necessary on account of such damage, and the County and/or participating Cooperative member reserves the right to deduct cost from any sum or sums that may be due or become due to the contractor.

4.0.5. SPILLAGE

It shall be the responsibility of the contractor to provide efficient and proper delivery of all fuel products. Spillage, which in the opinion of the County or any Cooperative participant, may result in dangerous conditions, environmental contamination,

maintenance repair, impediment to pedestrian or vehicular traffic, shall be immediately addressed and remedied at the contractor' expense. In the event that it becomes necessary for the County or a Cooperative participant to remedy a spillage area, the contractor shall reimburse that entity for any costs related to such remedy.

4.0.6 ANALYSIS

The County and cooperative participants reserve the right, and shall be encouraged to, either randomly, or at the time of each delivery, extract fuel samples for the purpose of conducting laboratory analysis to insure that all fuels being delivered meet the specifications, contain no dirt, contaminate, or excessive sediment, and not be of a composition leading to clogging of County and/or Cooperative participant owned equipment.

Should said laboratory analysis prove that the above listed deficiencies existed in the fuel(s) delivered, then the supplier shall, at the supplier's expense, remove all unacceptable product from the County and/or Cooperative participants fuel storage tanks and replace it with product that meets the specifications with no charge to the County and/or Cooperative participants for pumping out storage tanks, repair of damaged pumping equipment, and/or replacement of the fuel(s) delivered and the existing fuel(s) that may have been contaminated. Should the County and/or participating Cooperative members have consumed a part of such fuel, such consumption shall not impair their right to cause the contractor to remove the remainder of the delivered fuel.

When analysis of the sample shows that the gasoline and/or diesel fuel does not comply with the specifications, the cost of said analysis shall be borne by the contractor. When the sample complies with the specifications, the cost will be borne by the County and/or participating Cooperative members.

Each contract awarded shall be for the quantity actually ordered, as needed, during the contract period. It is understood that contract prices shall prevail for the actual quantities required and ordered as needed, during the life of the contract, whether more or less than estimated quantities.

4.0.7. GASOLINE SPECIFICATIONS

Regular Grade Gasoline Unleaded, 87 Octane: The regular grade gasoline to be furnished must be equivalent to or exceed the minimum requirements of the current ASTM specifications (ASTM 430-70) or the latest revisions thereof. The term regular as used in this bid is to indicate the grade as designated by the General Trade as Regular Grade of Regular Unleaded.

Premium Grade Gasoline Unleaded, 93 Octane: The premium grade gasoline to be furnished must be equivalent to or exceed the minimum requirements of the current ASTM specifications (ASTM 430-70) or the latest revisions thereof. The term premium as used in this bid is to indicate the grade as designated by the General Trade as Premium Grade of Hi Test Unleaded.

4.0.8. DIESEL FUEL SPECIFICATIONS

Viscosity of 100 F Saybolt Universal (Preferably 40 to 70)	Minimum 33 SEC Maximum 100 SEC
Sulphur	Maximum .05%
Conradson Carbonresidue (% by weight)	Maximum .2%
Ash	Maximum .02%
Moisture & Sediment (% by volume)	Maximum .05%
Flash	Minimum 150
Cetane Number	Minimum 45
Gum Content is Fuel is not to exceed	75 Mgil.

Delivery of fuels as described herein shall be to the following locations:

COUNTY OF CUMBERLAND REQUIREMENTS

Billing Address: Cumberland County Public Works
800 East Commerce Street
Bridgeton, NJ 08302
Attn: Carole Bjorklund

Total Estimated Quantity Range, Regular: 0 - 206,000 gallons
Total Estimated Quantity Range, Diesel, On-Road: 0 - 158,000 gallons
Total Estimated Quantity Range, Diesel, Off-Road: 0 - 2,000 gallons

Deliveries are to be made to the below listed County locations

A. Cumberland County Public Works Yard

Route 55 & Sherman Avenue
Vineland, NJ

Gasoline: Two (2) 10,000 Gallon Tanks.
Diesel: One (1) 10,000 Gallon Tank

B. Cumberland County Public Works Complex

800 East Commerce Street
Bridgeton, NJ

Gasoline: One (1) 10,000 Gallon Tank.
Diesel: One (1) 8,000 Gallon Tank

C. **Off-Road Diesel for Emergency Generators**
Various Locations

Approximate Annual Usage: 0 – 2,000 Gallons.

PARTICIPATING COOPERATIVE MEMBERS REQUIREMENTS

Cooperative Participant Information:

A. **City of Millville**

Billing Address: P.O. Box 609
Millville, NJ 08332

Total Estimated Quantity Range, Regular Gasoline: 0 - 196,000 gallons
Total Estimated Quantity Range, Premium Gasoline: 0 – 14,000 gallons
Total Estimated Quantity Range, Diesel, On-Road: 0 - 64,000 gallons
Total Estimated Quantity Range, Diesel, Off-Road: 0 - 12,600 gallons

Delivery Locations:

a) **Fuel Facility**
Ware Avenue
Millville, NJ

Gasoline (Regular): One (1) 4,000 Gallon Tank.
Gasoline (Premium): One (1) 4,000 Gallon Tank.
Diesel (On Road): One (1) 2,000 Gallon Tank

Automatic Delivery for all tanks at this location.

b) **Sewer Utility**
Fowser Road
Millville, NJ

Gasoline (Premium): One (1) 500 Gallon Tank.
Gasoline (Regular): One (1) 500 Gallon Tank.
Diesel (On Road): One (1) 550 Gallon Tank.
Diesel (Off Road): One (1) 1,000 Gallon Tank.

c) **Fire Department**
Buck & Oak Street
Millville, NJ

Diesel (On Road): One (1) 660 Gallon Tank.
Diesel (Off Road): One (1) 500 Gallon Tank.

- d) **Sewer Utility Pump Station**
South Delsea Drive
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank.
- e) **Sewer Utility Pump Station**
River Drive
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank.
- f) **Sewer Utility Pump Station**
Mistletoe Lane
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank.
- g) **Sewer Utility Pump Station**
Ireland Avenue
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank
- h) **Sewer Utility Pump Station**
Broad Street and Linda Lane
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank
- i) **Sewer Utility Pump Station**
Union Crossing Mall and Lowes
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank
- j) **Sewer Utility Pump Station**
Motor Sports/Bogden Boulevard
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank
- k) **Sewer Utility Pump Station**
Motor Sports/Dividing Creek Road
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank

- l) **Sewer Utility Pump Station**
Motor Sports/Dividing Creek Road
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank
- m) **City Hall Emergency Generator**
High Street Side of Circular Parking Lot
Millville, NJ

Diesel (Off Road): One (1) 125 Gallon Tank
- n) **Police Department Emergency Generator**
18 South High Street
Millville, NJ

Diesel (Off Road): One (1) 190 Gallon Tank
- o) **Water Utility Pump Station**
7th & E Streets
Millville, NJ

Diesel (Off Road): One (1) 200 Gallon Tank
- p) **Water Utility**
Airport Well Cedarville Road
Millville, NJ

Diesel (Off Road): One (1) 100 Gallon Tank
- q) **City of Millville Landfill**
Cedarville Road
Millville, NJ

Diesel (Off Road): One (1) 1,000 Gallon Tank

Deliveries shall be as directed and arranged between the City of Millville and the contractor.

B. **Downe Township Board of Education**

Billing Address: 220 Main Street
Newport, NJ 08345

Total Estimated Quantity Range, Regular Gasoline: 0 – 1,000 gallons
Total Estimated Quantity Range, Diesel, On-Road: 0 - 12,200 gallons

Delivery Location:

- a) Downe Township Elementary School
288 Main Street
Newport, NJ 08345

Gasoline (Regular): One (1) 550 Gallon Tank.
Diesel (On-Road): One (1) 5500 Gallon Tank

C. **Commercial Township**

Billing Address: 1768 Main Street
Port Norris, NJ 08349

Total Estimated Quantity Range, Regular Gasoline: 0 - 2,800 gallons

Delivery Location:

- a) Commercial Township Road Garage
1768 Main Street
Port Norris, NJ 08749

Gasoline (Regular): One (1) 500 Gallon Tank.

D. **Maurice River Township**

Billing Address: PO Box 218
Leesburg, NJ 08327

Total Estimated Quantity Range, Regular Gasoline: 0 - 20,000 gallons
Total Estimated Quantity Range, On-Road Diesel: 0 - 44,000 gallons

Delivery Location:

- a) Maurice River Township Public Works
552 Main Street
Leesburg, NJ

Gasoline (Regular): One (1) 500 Gallon Tank.
Diesel (On-Road): One (1) 1,000 Gallon Tank.

E. **Cumberland County Improvement Authority**

Billing Address: 2 North High Street
Millville, NJ 08332

Total Estimated Quantity Range, Regular Gasoline: 0 - 96,000 gallons
Total Estimated Quantity Range, On-Road Diesel: 0 - 240,000 gallons

- a) Cumberland County Solid Waste Complex
169 Jesse Bridge Road
Rosenhayn, NJ

Gasoline (Regular): One (1) 2,000 Gallon Tank.
Diesel (On-Road): One (1) 8,000 Gallon Tank.

F. **Lawrence Township**

Billing Address: 357 Main Street
PO Box 697
Cedarville, NJ 08311

Total Estimated Quantity Range, Regular Gasoline: 0 - 5,000 gallons
Total Estimated Quantity Range, On-Road Diesel: 0 - 6,000 gallons
Total Estimated Quantity Range, Off-Road Diesel: 0 - 200 gallons

Delivery Locations:

- a) Lawrence Township Department of Public Works
247 Main Street
Cedarville, NJ
- b) Lawrence Township Senior Center
14 Mulford Avenue
Cedarville, NJ

Gasoline (Regular): One (1) 500 Gallon Tank.
Diesel (On-Road): One (1) 500 Gallon Tank.
Diesel (Off-Road): One (1) 100 Gallon Tank.

G. **Cumberland County Technical Education Center**

Billing Address: 601 Bridgeton Avenue
Bridgeton, NJ 08302

Total Estimated Quantity Range, Regular Gasoline: 0 - 4,000 gallons
Total Estimated Quantity Range, On-Road Diesel: 0 - 2,000 gallons

Delivery Locations:

- a) Cumberland County Technical Education Center
601 Bridgeton Avenue
Bridgeton, NJ

Gasoline (Regular): One (1) 250 Gallon Tank.
Diesel (On-Road): One (1) 250 Gallon Tank.

H. **Landis Sewerage Authority**

Billing Address: 1776 South Mill Road
Vineland, NJ 08330

Total Estimated Quantity Range, Regular Gasoline: 0 - 50,000 gallons

Total Estimated Quantity Range, Diesel (off-road): 0 – 4,000 gallons

Delivery Locations:

- a) Landis Sewerage Authority
1776 South Mill Road
Vineland, NJ

Gasoline (Regular): One (1) 1,000 Gallon Tank.
Diesel (Off-Road): One (1) 2,000 Gallon Tank.
Diesel (On-Road): One (1) 1,000 Gallon Tank.

- b) Landis Sewerage Agricultural Site
200 Jesse Bridge Road
Deerfield Township, NJ

Diesel (On-Road): One (1) 1,000 Gallon Tank.

County of Cumberland Annual Usage Estimates: For the purposes of this bid, the County estimates that it shall purchase the following approximate fuel quantities for this two (2) year agreement:

Regular Unleaded 87 Octane Gasoline:	412,000 gallons
On-Road Diesel:	316,000 gallons
Off-Road Diesel:	4,000 gallons

Cooperative Participants Annual Usage Estimates: For the purposes of this bid, the County estimates that the cooperative participants who have provided fuel usage estimates as described and listed herein shall purchase the following approximate fuel quantities for this two (2) year agreement:

Regular Unleaded 87 Octane Gasoline:	374,800 gallons
Premium Unleaded 93 Octane Gasoline:	14,000 gallons
On-Road Diesel:	525,200 gallons
Off-Road Diesel:	16,800 gallons

Cumberland County Annual Usage Estimates PLUS Cooperative Participants

Annual Usage Estimates: For the purposes of this bid, the County estimates that the annual total delivery requirements for the County plus all Cooperative Participants who have submitted fuel usage estimates for this two (2) year agreement are as follows:

Regular Unleaded 87 Octane Gasoline:	786,800 gallons
Premium Unleaded 93 Octane Gasoline:	14,000 gallons
On-Road Diesel:	841,200 gallons
Off-Road Diesel:	20,800 gallons

The County and cooperative participants reserves the right to order fuel in any quantity that they deem necessary, and at no additional charge, particularly in anticipation of an emergency condition or threatening weather.

In the event of an allotment reduction or a terminal supplier fuel shortage, the contractor shall make it his primary responsibility to supply the gasoline and diesel fuel as required by the County and participating Cooperative members.

5.0 RESPONSE TIME FOR DELIVERY OF FUEL

When the contractor is contacted by an authorized department or participating cooperative member to deliver fuel as described herein, the response time, that is, the time that the telephone call is received at the contractor's business location to the time that fuel delivery truck arrives at the requesting department's location, **shall be no more than twenty four (24) hours.**

6.0 COUNTY OF CUMBERLAND BUSINESS HOURS

For the purposes of this agreement, normal business hours for the County of Cumberland are Monday through Friday, 8:30 AM to 4:30 PM, excluding holidays observed by the County.

7.0 CONTRACT MANAGEMENT

The Cumberland County Public Works Department shall be authorized to arrange with the contractor for services described herein, and required by the County of Cumberland, and specific questions by the contractor concerning the performance of the services described herein shall be directed to the Cumberland County Engineer or his designee.

Questions and communications regarding the County of Cumberland requirements of this contract, once awarded, shall be directed to:

Cumberland County Public Works Department
800 East Commerce Street
Bridgeton, New Jersey 08302
Don Olbrich, Public Works Director
Telephone (856) 453-2196; Facsimile: (856) 455-5857

8.0 PAYMENT

Each participating cooperative member shall be responsible for payment to the contractor(s) for fuel supplied to them.

For County of Cumberland fuel purchases, payment for delivery of products will be made within seven (7) days following the next regular monthly meeting of the Board of Chosen Freeholders subsequent to said delivery. Bills are to be presented to the various institutions (in duplicate) on County billing forms on or before the third day of the month after delivery of the products is made. If possible, County will consolidate bills for once a month payments.

9.0 BID DOCUMENT INFORMATION

County of Cumberland Requirements: Bidders are instructed to indicate in the area provided on the Official Bid Document (A) the lowest posted Newark, New Jersey, Harbor District Reseller Rack Price per gallon for (1) Eighty-seven (87) Octane Unleaded Gasoline, (2) On-Road Diesel Fuel, and (3) Off-Road Diesel Fuel, as printed in the Journal of Commerce on the week beginning Monday, October 4, 2010. Bidders are then instructed to indicate in the appropriate area of the Official Bid Document (B) their fixed, per gallon delivery charge for delivering those fuels as described in this Bid Specification. Bidders shall also indicate whether their per gallon delivery charge shall be at a plus or minus rate by circling the appropriate response on the Official Bid Document. If there is no indication whether the per gallon delivery charge is either plus or minus, lack of that indication shall be taken to mean that the per gallon delivery charge shall be at a plus rate. Bidders shall add the Newark Rack Reseller Prices for those fuels to their plus or minus per gallon delivery charge and indicate that total in the (C) Net Delivered Price per Gallon area of the Official Bid Document. Bidders shall then multiply (C) their Net Delivered Price per Gallon times the number of gallons of estimated usage to indicate their Total Price for each respective fuel to be provided to Cumberland County.

Participating Cooperative Members Requirements: Bidders are instructed to indicate in the area provided on the Official Bid Document (A) the lowest posted Newark, New Jersey, Harbor District Reseller Rack Price per gallon for (1) Eighty-seven (87) Octane Unleaded Gasoline, (2) Ninety-three (93) Octane Unleaded Gasoline, (3) On-Road Diesel Fuel, and (4) Off-Road Diesel Fuel, as printed in the Journal of Commerce on the week beginning Monday, October 4, 2010. Bidders are then instructed to indicate in the appropriate area of the Official Bid Document (B) their fixed, per gallon delivery charge for delivering those fuels as described in this Bid Specification. Bidders shall also indicate whether their per gallon delivery charge shall be at a plus or minus rate by circling the appropriate response on the Official Bid Document. If there is no indication whether the per gallon delivery charge is either plus or minus, lack of that indication shall be taken to mean that the per gallon delivery charge shall be at a plus rate. Bidders shall add the Newark Rack Reseller Prices for those fuels to their plus or minus per gallon delivery charge and indicate that total in the (C) Net Delivered Price per Gallon area of the Official Bid Document. Bidders shall then multiply (C) their Net Delivered Price per

Gallon times the number of gallons of estimated usage to indicate their Total Price for each respective fuel to be provided to Participating Cooperative Members.

Bidders shall indicate in the appropriate area of this Bid Document whether they will extend the prices that they have indicated in the section for Participating Cooperative Members requirements to those members of the Cumberland County Cooperative Contract Purchasing System who have not submitted usage estimates which estimates would therefore not be included in this bid document who may want to enter into a contract at a later date.

10.0 CONTRACT AWARD

The County of Cumberland shall award separate contract(s) to the vendor(s) offering the lowest delivery costs for supplying and delivering 1) Eighty-seven (87) octane gasoline; 2) Ninety-three (93) octane gasoline; 3) On-Road diesel fuel; and 4) Off-Road diesel fuel for the County of Cumberland requirements as described herein.

Additionally, the County of Cumberland shall declare as winning bidder(s) the vendor(s) offering the lowest delivery costs for supplying and delivering 1) Eighty-seven (87) octane gasoline; 2) Ninety-three (93) octane gasoline; 3) On-Road diesel fuel; and 4) Off-Road diesel fuel for the Participating Cooperative Members requirements as described herein.

If variations in the rack reseller price are provided by bidders in the Official Bid Sheet and those variations would cause the total price for individual fuels to be improperly evaluated, such variation shall be cause for the Purchasing Agent to determine a constant price per gallon which when added to the per gallon delivery charge that each bidder has bid, would yield a constant net delivered price per gallon enabling the accurate determination of a low bidder. The bidder's response to the questions included in this Bid Specification must be acceptable to the County.

The County reserves the right to reject any and all bids as allowable by law. The County reserves the right to investigate the bidder's ability and to satisfy itself that the bidder will be able to fulfill the requirements of these specifications and any future service requirements.

The County further reserves the right to reject all bids should they exceed the delivery charge available from an authorized New Jersey State contract vendor.

The County shall notify all participating and interested entities of the bid results obtained pursuant to the public opening herein scheduled, and shall additionally identify the vendor(s) to whom the County intends to award a contract(s) and which vendor(s) will be declared the winner(s) for cooperative fuel requirements. It shall be the responsibility of the winning vendor(s) to contact said cooperative members and to forward any required documentation necessary to enter into any contracts directly to each individual member. Contract documentation for participating cooperative members shall not be sent to the County for consequent distribution to participating entities.
