Interested in career in the Utility Industry?

Quick Path to Energy Program Workforce Development Training

- **Quick Path to Energy Program** is a direct solution to meeting the utility industry's immediate need for skilled workers.
- Our goal is to facilitate high-skill and high-wage employment through a series of workforce development and industry preparatory training sessions, academic refresh seminars, and workforce preparation.
- At the end of the program, successful participants will have the opportunity to complete the pre-employment process, including an interview with Atlantic City Electric, or another industry leading company.
