COUNTY OF CUMBERLAND

PART 1

REPORT OF AUDIT OF FINANCIAL STATEMENTS

**FOR THE YEAR ENDED
DECEMBER 31, 2010**

INDEPENDENT AUDITOR'S REPORT

The Honorable Director and
Members of the County Board of Chosen Freeholders
County of Cumberland
Bridgeton, New Jersey 08302

We have audited the accompanying statements of assets, liabilities, reserves and fund balance-- regulatory basis of the various funds of the County of Cumberland, State of New Jersey as of December 31, 2010 and 2009, and the related statements of operations and changes in fund balance-- regulatory basis for the years then ended, and the related statement of revenues-- regulatory basis, statement of expenditures-- regulatory basis, and statement of general fixed assets group of accounts for the year ended December 31, 2010. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the financial statements previously referred to have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects on the financial statements of the requirement that the County prepare its financial statements in accordance with the accounting practices discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County of Cumberland, State of New Jersey, as of December 31, 2010 and 2009, or the results of its operations and changes in fund balance for the years then ended.

Furthermore, in our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance-- regulatory basis of the various funds of the County of Cumberland, State of New Jersey, as of December 31, 2010 and 2009, and the results of its operations and changes in fund balance-- regulatory basis of such funds for the years then ended, and the revenues-- regulatory basis, expenditures-- regulatory basis of the various funds, and general fixed assets, for the year ended December 31, 2010 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated July 26, 2011 on our consideration of the County of Cumberland, State of New Jersey's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in conjunction with this report in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Cumberland's basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance programs are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and State of New Jersey Circular 04-04-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and are not a required part of the financial statements. In addition, the supplementary financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds and account group taken as a whole.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Director and
Members of the County Board of Chosen Freeholders
County of Cumberland
Bridgeton, New Jersey 08302

We have audited the financial statements (regulatory basis) of the County of Cumberland, State of New Jersey, as of and for the year ended December 31, 2010, and have issued our report thereon dated July 26, 2011, which indicated that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County of Cumberland's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Cumberland's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

This report is intended solely for the information and use of the management of the County, the Division of Local Government Services, Department of Community Affairs, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

COUNTY OF CUMBERLAND
Notes to Financial Statements
For the Year Ended December 31, 2010

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Description of Financial Reporting Entity - The County of Cumberland is located in the southwestern corner of the State of New Jersey and its 500 square miles is bordered by Salem, Gloucester, Atlantic and Cape May Counties. The population of the County, according to the 2010 census, was 156,898.

The County of Cumberland is governed by a Board of Chosen Freeholders composed of seven people, all of whom are elected at large. The County employs an administrator who has the daily responsibility of operating county government efficiently pursuant to the guidelines established by the Board of Chosen Freeholders.

Component Units - The financial statements of the component units of the County of Cumberland are not presented in accordance with Governmental Accounting Standards Board Statement No. 14. If the provisions of GASBS No. 14 had been complied with, the financial statements of the following component units would have been either blended or discretely presented with the financial statements of the County, the primary government:

Cumberland County Board of Health
309 Buck Street
Millville, New Jersey 08332

Cumberland County Library
800 East Commerce Street
Bridgeton, New Jersey 08302

Cumberland County College
College Drive
P.O. Box 517
Vineland, New Jersey 08360

Cumberland County Improvement Authority
2 West Vine Street
Millville, New Jersey 08332

Cumberland County Board of Social Services
13 North East Boulevard
Vineland, New Jersey 08360

Cumberland County Technical Education Center
601 Bridgeton Avenue
Bridgeton, New Jersey 08302

Annual financial reports may be inspected directly at the offices of these component units during regular business hours.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the County of Cumberland contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements".

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Basis of Accounting, Measurement Focus and Basis of Presentation (Cont'd)

In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this Note.

In accordance with the "Requirements", the County of Cumberland accounts for its financial transactions through the use of separate funds which are described as follows:

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Budgets and Budgetary Accounting - The County of Cumberland must adopt an annual budget for its current fund and open space trust fund in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual county budget no later than January 26 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the county. The public hearing must not be held less than eighteen days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the county budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the County's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Cash, Cash Equivalents and Investments (Cont'd)**

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the Governmental Units.

The cash management plan adopted by the County of Cumberland requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for Governmental Fixed Assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The County has adopted a capitalization threshold of \$5,000, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. The County is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements and transfers of fixed assets. In addition, a Statement of General Fixed Assets, reflecting the activity for the year, must be included in the County's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage or theft.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Fund Balance - Fund Balances included in the current fund represent amounts available for anticipation as revenue in future years budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the County's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the County's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the County which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

County Taxes - Every municipality in the County is responsible for levying, collecting and remitting county taxes for the County of Cumberland. Operations for every municipality is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations for every municipality is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis and interest on general capital indebtedness is on the cash basis.

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Long-Term Debt - Long-Term Debt, relative to the acquisition of capital assets, is recorded as a liability in the General Capital Fund.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Note 2: **CASH AND CASH EQUIVALENTS**

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the County's deposits might not be recovered. Although the County does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the county in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the county relative to the happening of a future condition. Such funds, if any, are shown as Uninsured and Uncollateralized in the schedule below.

As of December 31, 2010, the County's bank balances of \$71,437,733.23 were exposed to custodial credit risk as follows:

Uninsured and Collateralized with Securities Held by Pledging Financial Institutions	<u>\$ 70,936,689.11</u>

Note 5: INTERFUND RECEIVABLES AND PAYABLES

The County of Cumberland had no interfund balances recorded on the various statements of assets, liabilities, reserves, and fund balances as of December 31, 2010.

Note 6: PENSION PLANS

The County of Cumberland contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS), which are administered by the New Jersey Division of Pensions and Benefits. In addition, several County employees participate in the Defined Contribution Retirement Program (DCRP), which is a defined contribution pension plan and is also administered by the New Jersey Division of Pensions and Benefits. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295

Public Employees' Retirement System - The PERS was established in 1955. The PERS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System were required to contribute 5% of their annual covered salary. Effective July 1, 2008, however, in accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. For employees enrolled in the retirement system prior to July 1, 2008, the increase is effective with the payroll period that begins immediately after July 1, 2008. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, the statute also requires the return to the normal rate when such surplus pension assets no longer exist.

Note 6: PENSION PLANS (CONT'D)

The County is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<u>Year</u>	<u>Normal Contribution</u>	<u>Accrued Liability</u>	<u>Total Liability</u>	<u>Funded by State</u>	<u>Paid by County</u>
2010	\$1,096,306	\$1,756,002	\$2,852,308	---	\$2,852,308
2009	998,822	1,423,021	2,421,843	---	2,421,843
2008	1,144,260	881,815	2,026,075	\$405,215	1,620,860 (1)

Police and Firemen's Retirement System - The PFRS was established in 1944. The PFRS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:16A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the Police and Firemen's Retirement System are required to contribute 8.5% of their annual covered salary. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The County is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<u>Year</u>	<u>Normal Contribution</u>	<u>Accrued Liability</u>	<u>Total Liability</u>	<u>Funded by State</u>	<u>Paid by County</u>
2010	\$1,243,354	\$991,591	\$2,234,945	---	\$2,234,945
2009	1,100,426	832,872	1,933,298	---	1,520,301
2008	957,950	562,351	1,520,301	\$250,260	1,001,042

Defined Contribution Retirement Program - The Defined Contribution Retirement Program (DCRP) is a cost-sharing multiple-employer defined contribution pension fund which was established in 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.) and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the County's contribution amounts for each pay period are transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

Note 6: PENSION PLANS (CONT'D)
Defined Contribution Retirement Program (Cont'd)

The County's contributions were as follows:

<u>Year</u>	<u>Total Liability</u>	<u>Funded by County</u>
2010	\$ 15,124.12	\$ 5,337.91
2009	6,671.64	2,354.51
2008	1,700.12	600.00

Related Party Investments - The Division of Pensions and Benefits does not invest in securities issued by the County.

(1) Under the provisions of Chapter 108, P.L. 2003 the County's share of the total normal contribution and accrued liability will increase approximately 20% per year until the County is paying 100% of the total normal contribution and accrued liability.

Note 7: POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

As disclosed in Note 1, the County prepares its financial statements on a regulatory basis of accounting as prescribed by the Division of Local Government Services. Under this regulatory basis of accounting, the County is required to disclose the impact of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The regulatory basis of accounting does not permit the inclusion of any liability associated with GASB Statement No. 45 in the County's financial statements.

Plan Description

The County's defined benefit postemployment healthcare plan, the Cumberland County Postemployment Benefits Plan (the "County Plan"), allows retiring employees, and their eligible dependents, who are at least 55 years of age with twenty-five (25) or more years of service (twenty years (20) if a veteran) with Cumberland County and who retire from active employment, working a minimum of 20 hours per week, with Cumberland County under the NJ State Pension Program, and employees retiring on accidental disability pension, to receive health and prescription benefits. Eligible retirees contribute 20% of the premium.

The County Plan also allows employees retiring into a state recognized pension plan with at least (10) years of service with Cumberland County, or employees retiring on ordinary disability to purchase health and prescription benefits by paying the full premium.

The County Plan is a single-employer postemployment healthcare plan administered by the County. The benefit provisions of the plan may be established or amended by the respective employer entity; for the County Plan that authority rests with the Board of Chosen Freeholders. The plan does not issue a separate financial report.

Funding Policy

The contribution requirement of the County is established by policy of the Board of Chosen Freeholders and reflected in the various union contracts. The Board may amend its policy, subject to contract inclusion, as deemed necessary. The required contribution is based on projected pay-as-you-go financing requirements. For the years 2010 and 2009, the County contributed \$957,078.00 and \$1,310,719.00 to the County plan for current premiums. Various factors, as stipulated in employee contracts, dictate whether plan members are required to make contributions to the plan. For the years 2010 and 2009, employee contributions to the plan were \$239,269.00 and \$374,322.00.

Note 7: POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)
Annual OPEB Cost and Net OPEB Obligation

The County's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The ARC includes the costs of both current and future retirees. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the County's net OPEB obligation to the Plan:

Annual Required Contribution	\$ 8,551,197.00
Interest on Net OPEB Obligation	1,171,973.50
Adjustment to Annual Required Contribution	<u>(1,488,024.00)</u>
Annual OPEB Cost (Expense)	8,235,146.50
Contributions Made	<u>(957,078.00)</u>
Increase in Net OPEB Obligation	7,278,068.50
Net OPEB Obligation -- Beginning of Year	<u>23,439,470.00</u>
Net OPEB Obligation -- End of Year	<u>\$30,717,538.50</u>

Funded Status and Funding Progress

As of January 1, 2009, the most recent actuarial valuation date, the County Plan was 0% funded. The actuarial accrued liability for benefits was \$76.767 million, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$76.767 million. The covered payroll (annual payroll of active employees covered by the plan) was \$38.021 million, and the ratio of the UAAL to the covered payroll was 201.91%. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented below as required supplementary information, compares the assets used for funding purposes to the comparable liabilities to determine how well the County Plan is funded. The actuarial liability is compared to the actuarial value of assets to determine the funding ratio. The Actuarial Accrued Liability under GASB is determined assuming that the County Plan is ongoing and participants continue to terminate employment, retire, etc., in accordance with the actuarial assumptions.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2009 actuarial valuation the Unit Credit cost method was used. The actuarial assumptions included a 5.0 percent investment rate of return (net of administrative expenses), an annual medical cost trend rate of 10% initially, reducing by decrements to an ultimate rate of 5% after ten years; and an annual prescription drug cost trend rate of 11% initially reducing by decrements to an ultimate rate of 5% after twelve years. There are no liabilities dependent on salary, therefore no salary increase rate is assumed.

Note 7: POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)

Actuarial Methods and Assumptions (Cont'd)

The period selected for amortizing the unfunded actuarial accrued liability in determining the ARC is the maximum limit of 30 years. Amortization reflects a closed, level dollar method.

Schedule of Employer Contributions

Fiscal Year Ended December 31,	Annual Required Contribution (ARC)	Percentage of ARC Contributed
2010	\$8,551,197	9.8%
2009	\$8,551,197	15.7%
2008	\$8,991,100	9.7%

The information presented in the required supplementary schedules was determined as part of the actuarial valuation at the date indicated. Additional information as of the latest actuarial valuation follows:

Valuation Date	January 1, 2009
Actuarial Cost Method	Unit Credit
Amortization Method	Closed, Level Dollar
Remaining Amortization	Period 30 years
Asset Valuation Method	Market Value
Actuarial Assumptions:	
Investment Rate of Return	5.0%
Rate of Salary Increases	no salary increase rate is assumed
Rate of Medical Inflation	10% (pre-Medicare) or 10% (post-Medicare) grading to 5.0% over 10 years
Rate of Prescription Drug Inflation	11% (pre-Medicare) or 11% (post-Medicare) grading to 5.0% over 12 years

For determining the GASB ARC, the rate of employer contributions to the Plan is composed of the Normal Cost plus amortization of the Unfunded Actuarial Liability. The Normal Cost is a portion of the actuarial present value of plan benefits and expenses which is allocated to a valuation year by the actuarial cost method. The Actuarial Liability is that portion of the Present Value of Projected Benefits that will not be paid by Future Employer Normal Costs or active employee contributions. The difference between this liability and the funds accumulated as of the same date is the Unfunded Actuarial Liability.

Note 8: COMPENSATED ABSENCES

Full-time employees are entitled to fifteen paid sick leave days each year. Unused sick leave may be accumulated and carried forward to the subsequent year. The County of Cumberland compensates employees for unused sick leave upon retirement. The current policy for most employee contracts provides one compensated day for every two days accumulated up to a maximum of \$9,000. Other employee contracts with the County, which include the Prosecutor's Office and Department of Corrections, follow the same compensation for the days, but their maximum ranges between \$12,000 to \$17,500 and can be based on years employed by the County, which is either 15 to 25 years.

Employees may also carry forward five vacation days to the subsequent year. Additional days may be carried forward with approval up to a maximum of twelve. However, an employee may not have more than twenty-five vacation days accrued at any one time. These accumulated vacation days are paid with the employee's last paycheck upon termination or retirement.

Part-time employees who do not have scheduled hours are not entitled to compensated absences.

The County does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2010, accrued benefits for compensated absences are valued at \$2,664,144.00. The charges for accumulated sick leave will be included in the year the employee retires. The charges for accrued vacation benefits will be included in the year the employee retires or terminates employment with the County. The County has established a Reserve for Accumulated Sick Leave in the Trust Fund to set aside funds for future payments of compensated absences. At December 31, 2010 the balance of fund was \$1,696,728.17.

Note 9: DEFERRED COMPENSATION SALARY ACCOUNT

The County offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457 which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the County or its creditors. Since the County does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the County's financial statements.

Note 10: LEASE OBLIGATIONS

At December 31, 2010, the County had lease agreements in effect for the following:

Capital:

Note 12: RESERVE FOR INTEREST REBATE

The Tax Reform Act of 1986 placed restrictions on the investments of the proceeds of certain tax-exempt bonds issued after December 31, 1986. Specifically, investment earnings which are above arbitrage bond yield are required to be rebated to the United States Treasury Department within sixty days of the end of the fifth bond year. A bond year is defined, at the option of the issuing entity, as either the date of the first anniversary of bond settlement or the issuing entity's fiscal year end.

The County of Cumberland has bonds outstanding that were issued on August 1, 2002 entitled General Obligation Bonds, Series of 2002; on August 15, 2006 entitled General Obligation Bonds, Series 2006; on November 1, 2007 entitled General Obligation Bonds, Series 2007; and on December 15, 2009 entitled General Obligation Bonds, Series 2009. Rebate calculations on these bonds are required to be made at least once every five years. The County of Cumberland prepared a rebate calculation and determined that no rebate liability existed as of August 1, 2008. The amount of contingent liability for rebate may change as a result of future events.

Note 13: CHANGE ORDERS

During the year 2010, the County amended contracts by approving the following change orders that resulted in the total amount of change orders executed for these projects to exceed the originally awarded contract price by more than 20 percent:

<u>Ordinance No.</u>	<u>Project Description</u>
2010-246	Providing Home Detention Alternative Program Services
2010-291	Providing Early Intervention Case Management Program Service
2010-381	Providing Emergency Financial Assistance Program Service

N.J.A.C. 5:30-11.3 (a) 9 and 10 states that the total number of change orders executed for a particular contract shall not cause the originally awarded contract price to be exceeded by more than twenty percent unless otherwise authorized, and that if proposed change orders do exceed that twenty percent limitation, no work shall be performed or purchases made until the procedures of N.J.A.C. 5:30-11.9 have been completed.

N.J.A.C. 5:30-11.9 delineates the required procedures for change orders, which exceed the twenty percent limitation. The County has complied with all provisions of N.J.A.C. 5:30-11.9.

Note 14: RISK MANAGEMENT

The County has adopted a plan of self-insurance for workers' compensation insurance and has established the Reserve for Workers' Compensation in the Trust-- Other Fund to account for and finance its related uninsured risks of loss up to \$250,000.00 per any one accident. CorVel Corporation acts as administrator of the plan. The County purchases commercial insurance for claims in excess of \$250,000.00. Settled claims have not exceeded this commercial coverage in any of the past three years.

At December 31, 2010, the balance estimated to be payable for the workers' compensation insurance was \$814,267.39, which is the amount that the records of the administrator of the plan show as potential claims reported.

The balance estimated to be payable for the county general liability was \$642,600.00, which is the amount that the records of the administrator of the plan show as the estimated maximum amount of potential claims reported at December 31, 2010.

The estimated payable for workers' compensation and county general liability insurance do not include any provision for claims incurred but not reported.

Any additional funds required for claims in excess of the amounts reserved and recorded as a liability will be paid and charged to the 2010 or future budgets. At December 31, 2010, the balances of the reserves are as follows:

<u>Insurance Plan</u>	<u>Amount</u>
Reserve for Workers' Compensation Insurance--Trust Fund	\$312,425.28
Reserve for General Liability Insurance--Trust Fund	900,795.90
Reserve for Automobile and Contractors Equipment Physical Damage Insurance -- Trust Fund	236,009.84

Note 15: GUARANTY AGREEMENT**2006 Agreement**

On June 29, 2006, the Cumberland County Board of Chosen Freeholders by ordinance, authorized the guarantee ("Guaranty Agreement") of the punctual payment of the principal of and the interest on the Solid Waste System Revenue Bonds, Series 2006 (the "Bonds") of the Cumberland County Improvement Authority (the "Authority") to be issued in the aggregate principal amount not exceeding \$25,000,000.00 pursuant to a resolution of the Authority to provide for the financing of (i) the construction of (a) a Commercial Convenience Center, (b) the Phase II improvements of the Leachate System Improvements, (c) Stage 1 of the Aerobic/Anaerobic Landfill RD & D Project, and (d) an Equipment Storage Maintenance Building; (ii) the renovation of the Administration Building at the Solid Waste Complex; (iii) the relocation of the MSF Floor Improvements and Tire Shredder; (iv) funding the Bond Reserve Fund to ensure that the amount on deposit therein after the issuance of the Series 2006 Bonds equals the Bond Reserve Requirement, (v) paying capitalized interest on the 2006 Bonds; and (vi) paying the costs of issuance of the 2006 Bonds. Any of the Bonds that are no longer considered outstanding under the resolution of the Authority authorizing the Bonds shall not be considered outstanding for the purpose of this guarantee.

Note 15: GUARANTY AGREEMENT (CONT'D)

The ordinance further states that: "The principal amount of the Series 2006 Bonds included in the gross debt of the County shall be deducted from the gross debt of the County under and for all the purposes of the Local Bond Law (a) from and after the time of issuance of the Bonds until the end of the fiscal year beginning next after the completion of the Refunding Project to be financed from the proceeds of the Bonds and (b) in any Annual Debt Statement filed pursuant to the Local Bond Law as of the end of such fiscal year or any subsequent fiscal year if the revenues or other receipts or moneys of the Authority in such year are sufficient to pay its expenses of operation and maintenance in such year and all amounts payable in such year on account of the principal of and the interest on all such Bonds, all bonds of the County issued as provided under N.J.S.A. 40:37A-79 and all bonds of the Authority issued under the County Improvement Authorities Law."

This agreement shall terminate after the payment in full of all Bonds of the Authority. As of December 31, 2010 the County has guaranteed \$22,695,000.00 of the Authority's 2006 debt.

Under the terms of the 2006 Guaranty Agreement, the Authority may only issue an additional series of bonds pursuant to the Bond Resolution with the consent of the County. On July 20, 2009, the Cumberland County Freeholder Board consented to the Cumberland County Improvement Authority undertaking the Project and issuing the Series 2009 Bonds in an amount not to exceed \$23,000,000.00 for "(i) the construction of three (3) new landfill cells to be numbered 7, 8 and 9 on approximately 31 acres located at the Authority's solid waste complex located in Deerfield Township (the "Complex"), including, but limited to earthwork, acquisition and installation of lining and pump systems and ancillary piping and related work to existing cells; (ii) various capital improvements and renovations to certain existing buildings at the Complex (items (i) and (ii) shall be collectively referred to herein as the "Project"); and (iii) the financing of the Project through the issuance of the Authority's Solid Waste Revenue Bonds under the Bond Resolution in the aggregate principal amount not to exceed \$23,000,000.00 (the "Series 2009 Bonds")."

On December 30, 2010, the Authority legally defeased its Series 2009 Bonds maturing on January 1 in the years 2012 through 2030 in the aggregate principal amount of \$22,780,000.00.

On September 2, 2009, the Cumberland County Freeholder Board consented to the Cumberland County Improvement Authority undertaking the Project and issuing the Loan Unit Program Bonds, Series 2009 in an amount not to exceed \$60,000,000.00 for (i) purchase of general obligation bonds of the City of Vineland which were previously authorized to finance the costs of the acquisition and installation of a new simple cycle turbine generator at the Howard M. Down Generating Station and (ii) the financing of the Project through the issuance of the Authority's Local Unit Program Bonds (Vineland Municipal Electric Utility Project), Series 2009, in the aggregate principal amount not to exceed \$60,000,000.00 (the "Local Unit Program Bonds, Series 2009").

The amounts outstanding under the Series 2009 Bonds and Local Unit Program Bonds are not covered under the County Guaranty.

Note 16: FARMLAND PRESERVATION TRUST

The Board of Chosen Freeholders authorized the Farmland and Open Space Preservation Trust Fund referendum on the November, 1994 ballot. With a 58% majority, voters authorized the dedication of one cent of the County tax rate for Farmland and Open Space Preservation. The revenue is to be used for the acquisition of lands and interests in lands for conservation of farmland or open space. In proposing the issue, the Freeholders earmarked the first three to five years of revenue exclusively for farmland preservation. Future changes to the tax rate or levy must be authorized by referendum. All revenue received is accounted for in a Trust Fund dedicated by rider (N.J.S.A. 40A:4-39) for the purpose stated. Interest earned on the investment of these funds is credited to the Farmland Preservation Trust Fund. As of December 31, 2010, the Reserve for Farmland Preservation had a balance of \$1,330,659.07.

Note 17: THIRD-PARTY RATE ADJUSTMENTS AND REVENUE

The Cumberland County Manor provides services for which the client fees are paid by Medicare, Medicaid, various insurance companies, HMO's and private individuals. Generally, the bad debt write-offs are very small and not material to the financial statements. The accounts receivable are reviewed at the end of each year and those for which the collection process has been exhausted are written off. Therefore, no allowance for uncollectible amounts has been established.

The County receives third party reimbursements at contractually established rates for services rendered to patients covered by third-party programs. The reimbursements are billed at rates approved by the County and then reduced by contractual allowances with third parties.

Net patient service revenue, including retroactive adjustments under reimbursement agreements, is reported on the cash basis. Retroactive adjustments are generally the difference between the interim rate established and the final rate established.

Note 18: LITIGATION

The County is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the County, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

COUNTY OF CUMBERLAND

PART 2

SINGLE AUDIT

**FOR THE YEAR ENDED
DECEMBER 31, 2010**

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT
AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND
STATE OF NEW JERSEY CIRCULAR 04-04-OMB**

The Honorable Director and
Members of the County Board of Chosen Freeholders
County of Cumberland
Bridgeton, New Jersey 08302

Compliance

We have audited the compliance of the County of Cumberland, State of New Jersey, with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the New Jersey State Grant Compliance Supplement that could have a direct and material effect on each of the County's major federal and state programs for the year ended December 31, 2010. The County's major federal and state programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and State of New Jersey Circular 04-04-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133, and State of New Jersey Circular 04-04-OMB, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the County of Cumberland's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, County of Cumberland complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2010.

Internal Control Over Compliance

The management of the County of Cumberland is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and State of New Jersey Circular 04-04-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

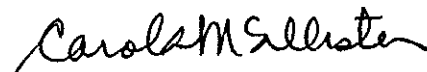

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of management of the County, the Division of Local Government Services, Department of Community Affairs, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
